Glt

Framer Motion

Python

WordPress

OTHER SKILLS

Not just a UI Developer

I transitioned from UI Development to also handling front-end tasks, including real-time data integration with the back-end (Java) system using Axios.

Management Skills

I oversee a 10-person Content team, gathering document requirements from authorized personnel and ensuring timely document delivery through team supervision.

Video Editing

Proficiently edited videos for a personal LMS project using industry-standard software such as Wondershare Filmora Pro.

Graphic Design

Proficient in crafting engaging social media creatives using Canva.

Social Media Campaign Management

Proficient in managing social media ad campaigns, including Facebook Ads, Instagram Ads, and YouTube ads.

PERSONAL PROJECTS

An LMS Website (mathsmadeeasy.com)

- Built a [website](https://mathsmadeeasy.com) on WordPress for students where they can purchase courses and start learning by watching video lectures.

Other than this I like making creative things for fun that can be seen on my website. [↗](#)
